

FRIDAY IS COLDEST DAY OF THE SEASON

Eight Degrees Above Zero Is Recorded by Government Thermometer.

Friday was the coldest day thus far in the season. According to the official report of the local station of the United States weather bureau, a minimum of eight degrees above zero was reached, but observations in other sections of the city indicated that the temperature was even lower than this. On the north bench one thermometer read as low as two degrees above zero, and another, located on the corner of Second and Main streets, recorded a temperature of one degree above zero. The majority of the dwellers of Zion, however, perhaps a little too cool for a good many of them.

Today Section Director A. H. Thibault observes fair weather, but he gives out a warning of a rise in the temperature. Friday a meteorological record at the local station of the United States weather bureau for the twenty-four hours ending at 5 p. m. was as follows:

Temperature at 6 p. m., 17; maximum temperature, 21; minimum temperature, 8; mean temperature, 14, which is 18 degrees below normal. Total deficiency since 1st of the month, 115 degrees; total excess since January 1, 29 degrees. Precipitation since the first of the month, 17 inches, which is 31 of an inch above normal. Total excess since January 1, 11 inches. Relative humidity, 76.

Judge Morris Leaves.

Judge Page Morris concluded his duties in the United States district court here Friday morning, and left at noon for his home in Duluth, Minn. At the conclusion of the last case on the docket, the judge dismissed the jurors, thanking them for their work, and then gave a few pleasant words in praise of the members of the bar here who have appeared before him. Clerk J. E. Fletcher was paid a high compliment, after which the judge vacated the bench to Judge John A. Marshall, who will try the remaining cases on the fall docket, beginning January 10.

NOT ONLY INDIGESTION AND GAS BUT ALL STOMACH DISTRESS GOES.

Take a Little Diapiesin Now and Your Stomach Will Feel Fine Five Minutes Later.

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash, or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Head-

ache, Bilioussness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name, your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store, the moment you decide to begin its use.

Pape's Diapiesin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

HOW TO MAKE MONEY GROW BY CHOPPING IT INTO PIECES

ST. LOUIS, Dec. 17.—A scheme by which \$220 is made out of ten \$20 bank notes has been called to the attention of local banks by the St. Louis officers of the United States secret service. How widespread the new line of manufacture had become is indicated by the fact that a dozen or more of the altered notes have been received at the sub-treasury here.

The scheme, according to an employee of the sub-treasury, is as follows:

Ten \$20 bank notes are held, one on top of the other, with a quarter inch margin on each note showing at one end. All are then firmly held together,

and by one stroke with the scissors or a sharp knife each note is divided into two parts, one of which is larger than the other.

The pieces are then fitted together to make a note a trifle less than the regulation size. A piece of adhesive plaster fastens the two pieces.

There remain nine complete bills and two portions of bills, each of which is more than three-fifths of a complete bill. The government redeems at full value a mutilated bill, which is three-fifths of the proper size. By this means \$220 has been made out of \$200 in \$20 notes.

Mutilation of currency is a penitentiary offense under the federal laws.

University Notes

The variety basketball team left Friday afternoon for American Fork, where the boys will play the Apollo team.

All class work has been suspended at the university for two weeks. The Christmas holidays will continue until January 3.

The university shops will be kept open during the holidays, in order to give those which they work to do a chance to make it up.

Mrs. Sol Siegel addressed the students at the regular weekly chapel exercises held Friday. In addition to the lecture, several musical selections were rendered, by the choir and the glee club. The musical programme was well attended.

The athletic department of the university girls in the assembly room Friday, was successful in every respect. The girls managed the affair entirely, and, by advertising extensively, brought out the school and by selling tickets in advance, had the hall well filled. Punch was served and all present seemed to have an enjoyable time.

In order to show the genuine holiday spirit, the senior mining engineers had a little celebration Friday, which was most amusing. The boys dressed up in overalls and jumpers, and then piled into a little truck and all thrived on the road.

The freshmen have received the class caps which they arranged to wear in accordance with the campus rules, and are now wearing them. The caps are dark blue, being a white "Y" in front as a class distinction. The green ties adopted by the class are also being worn, and with the combination the freshmen are easily distinguished from the upper classes.

The juniors will continue their work upon the preparation of decorations for the justly renowned Christmas tree, which work remains to be done, and since the premier social event will come such a short time after the holidays, it is feared that all the work cannot be done unless those remaining in the city during the Christmas vacation will continue the regular meetings, which will have been begun.

IN POLICE COURT

In comparison with the other days of the week, the police court was most busy Friday morning. Nine, charged with drunkenness, were allowed to go on the promise that they would try and do better in the future.

Charles Hale, the negro arrested for attempting to force his attentions on respectable women walking on East Third South street, Thursday evening, pleaded guilty to the charge of battery, he having admitted that he had placed his hands on a woman just before he was arrested. Judge Bowman sentenced him to serve five months in the city jail.

The case of W. E. Lucas, charged with assault with a deadly weapon, was continued until January 13. Lucas is alleged to have made an assault on the person of Caroline Hazard near Third South and Main streets, with a pocket-knife. A few days later, while Lucas was in the city jail, he died, and a young woman attempted to commit suicide.

Madge Cross, a negro, entered a plea of not guilty to the charge of grand larceny. The preliminary hearing of the case was set for January 12, and bond required in the sum of \$500. The negro is alleged to have robbed J. A. Capman, an Alaskan miner, of \$260 on the night of December 13. Capman said that the \$260 was the remainder of a fortune of \$10,000 he had made mining in Alaska.

John Pursey, charged with having held up and robbed Finch's cafe, was held on \$1000 bond for the hearing of his case postponed until December 22. Joseph Sands, one of the principal witnesses in the case, died recently at St. Mark's hospital, but the police say that they have sufficient evidence to convict Pursey.

G. K. M. Pappas, charged with forgery, was bound over for trial in the district court. His bail was fixed at \$750. It is alleged that Pappas forged the name of George Makis to a check for \$100 on October 26.

Jim Darsey was a lone vagrant, who came into the court and pleaded guilty to the charge. He was given time to leave the city.

BUSINESS NOTES

Total bank clearings for Friday, December 17, were \$1,393,257.41, as compared with a total of \$1,110,175.41 for the corresponding day of last year. The increase, therefore, is \$283,082, or an excess of more than 18 per cent.

Further inquiries are being received by Secretary J. L. Perkins of the Salt Lake Real Estate association asking for literature describing the city and the state. Communications were received Friday from Edward J. Fleming of Rawlids, Nev., and J. S. Hall of the Continental Real Estate company of Cleveland, O.

Word has been received from W. E. Hubbard, manager of the Hubbard Investment company of this city, who left the early part of the week for Pipestone, Minn., to attend the funeral of his sister B. W. Ashton, president of the First National bank of Pipestone.

D. F. Collett, secretary of the Manufacturers' association, has received answers to his recent communications to A. A. Hinkley, president of Millard state, and to Stephen L. Chipman, president of Alpine state, expressing interest in the campaign which is being carried on for the use of Utah manufacturers, and giving the names of bishops in the different wards who will probably assist the association here in carrying on the movement. It is proposed to hold public meetings in the various wards and distribute literature describing the manufacturers of Utah to the people.

CAPTAIN HOLLEY TAKES MAJOR ROWAN'S PLACE

Capt. Dwight E. Holley of the Fourth infantry, who is now on leave of absence, has been promoted to the rank of major and assigned to the Fifteenth infantry to fill the vacancy caused by the retirement of Maj. A. S. Rowan.

Maj. Holley is a native of Connecticut, from which state he was appointed to West Point. He was graduated in 1886 and appointed a second lieutenant in the First infantry. In 1893 he was made a first lieutenant, and in 1899 was promoted to a captain. He has served only about half the time that captains are supposed to serve before promotion.

At the expiration of his leave of absence Maj. Holley will be stationed at Fort Douglas.

NEW CHINESE MINISTER PLEASED WITH CONDITIONS

WASHINGTON, Dec. 17.—Chang Yin Ting, the newly-arrived Chinese minister, said today that conditions in China and Manchuria had greatly improved and that further progress towards prosperity and international amity was sure to follow. When he left China, he added, the relations of that country with the United States were better than ever before; the Chinese people and government had absolute confidence in the Americans, and knew they entertained no ulterior designs.

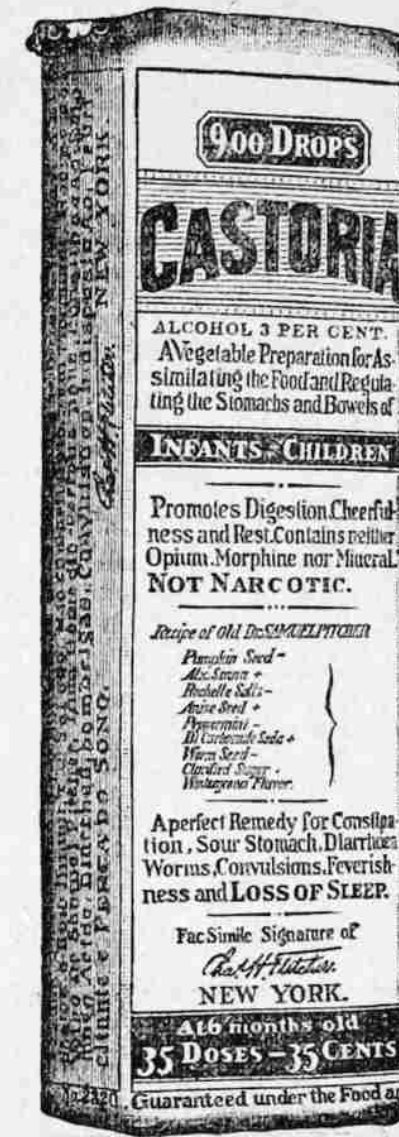

Don't overlook "LIGHTS AND SHADOWS OF MORMONISM" when selecting Xmas gifts. You couldn't choose a more appropriate present for a relative or friend who is interested in Utah's history. For sale by all news-dealers and at TRIBUNE OFFICE, or sent postpaid upon receipt of price, \$1.25.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Exact Copy of Wrapper.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegell Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

F. A. Capdau, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher.
